NEW FREESIA "Purity" (Fisher's Own Growing.) Ready in July. We made early arrangements with the originator of this valuable new Freesia. This variety exceeds by far any Freesia ever offered; it is of a *snowy glistening* white color, borne on stout, wiry stems, two feet in length, it is said by those who have seen it that a bunch cut and placed in water will give the same effect as roses or carnations, so gigantic are the blooms, besides the main stalk it throws up a number of side shoots well covered with buds. Price, 50c. doz., per 100 \$3.00; \$25.00 per 1000.
